PROJECTS

Stream-GPT | React.js, Redux, JavaScript, Firebase, Tailwind CSS 🔗

- Built an AI-powered movie and TV show recommendation platform using GPT-based search for intelligent content discovery.
- Developed a responsive, component-based UI using React.js and modern JavaScript (ES6+).
- Implemented secure authentication, protected routes, and session management using Firebase.
- Managed global state with Redux and optimized API data flow to improve performance and scalability.
- Integrated external APIs and optimized data flow for faster search results and smoother user experience.

Swaad Express | React.js, Redux, JavaScript Tailwind CSS 🔗

- Developed a scalable food-ordering and restaurant discovery frontend inspired by real-world delivery platforms.
- Built reusable and modular React components with efficient state handling and dynamic routing.
- Applied mobile-first and responsive design principles using Tailwind CSS for consistent UI across devices.
- Improved performance and user experience through clean component structure and optimized rendering.

LooksMax | JavaScript, CSS, HTML 🔗

- Designed and developed a modern, responsive e-commerce-style user interface with a strong visual hierarchy, focusing on clean layouts, consistent typography, and effective spacing to enhance usability.
- Implemented interactive UI behaviors and dynamic features using **JavaScript**, including event handling and DOM manipulation, to improve user engagement and overall user experience.
- Applied **responsive web design principles** using HTML and CSS to ensure seamless performance across different screen sizes and devices, following a mobile-first approach.

SKILLS

Frontend

React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Redux, Responsive Web Design

Tools & Platforms

Git, GitHub, Firebase, Figma, Netlify

EDUCATION

Bhai Parmanand Institute of Business Studies

09/2023 – 05/2026

Bachelor of Computer Applications

Govt Co-ed Sarvodaya Vidyalaya, Dichaon Kalan

2022 – 2023

12th

CERTIFICATIONS

Responsive Web Design

FreeCodeCamp

Full Stack Developer Bootcamp

GeeksForGeeks
